

WISENET

Product line-up

1st Quarter 2018

WISENET

WISENET is the signature brand of Hanwha Techwin's security business.
It embodies the spirit of building a safe, secure, and connected world.

Security Solutions

- 1977 Established the company
- 1991 Initiation of video surveillance business
- 1993 Development of nation's first iris lens for CCTV
- 2008 Release of world's first 37x PTZ camera
- 2010 Samsung Techwin acquires Samsung's video surveillance business
- 2012 Release of world's first 37x zoom interworking IR PTZ camera
- 2013 Release of Wisenet3 camera
- 2015 Hanwha group acquires Samsung Techwin and Hanwha Techwin is established
- 2016 Development of WISENET5 ISP Chip (SoC)

Based on world class optical image processing technology, Wisenet provides high-resolution cameras, recording devices and enterprise management software. For a complete security solution including intelligent video analytics, Hanwha offers a full lineup of video surveillance solutions.

Core value

Complete

- Seamless Security
- Dependable Quality
- Comprehensive Solutions

Assured

- Partner-assured
- Buyer-assured
- User-assured

Value-added

- Added Usability
- Added Flexibility
- Added Possibility

WISENET X series

Defining the new standard of excellence

The Most Powerful Chipset Wisenet 5

Wisenet X series is supercharged by the most powerful chipset ever incorporated into a full camera range.

The Wisenet 5 chip uses an all-new architecture that enables faster processing. That means you get the best video performance just when you need it.

- The world's best WDR (150dB)
- Improve bandwidth by up to 99% using WiseStream II
- Digital image stabilization with Built-in Gyro sensor
- Clearer and colored image even in low light environments
- Enhanced video / audio analytics

WISENET X series

The world's best WDR performance(150dB)

Conventional WDR captures images by taking 2 frames taken at different exposures, whereas Wisenet X series cameras utilize 4 frame capture at different exposure levels to create a combined image. With the development of cutting-edge WDR technology, Wisenet X series cameras address a limitation found in conventional WDR cameras while producing clear and vivid images.

*150dB WDR only available in 2MP X series

extraLUX provides clear and colored images, even in low-light environments

Wisenet X series achieves optimal performance in low-light conditions by producing crystal-clear and true-color images without IR LEDs, in challenging low light environment. The extraLUX series (XNO-6085R, XND/XNV-6085(V)) feature outstanding F0.94 lens with the 1/2" CMOS sensor, capturing vivid color images even in low-light environments.

Digital Image Stabilization(DIS) with built-in Gyro sensor

Advances in Wisenet image stabilization technology allows the reduction of motion blur caused by wind or vibration. A gyroscopic sensor plus DIS technology is specifically added to the Wisenet X series cameras for more accurate stabilization.

Improve bandwidth by up to 99% using WiseStream II

Using WiseStream II, Hanwha Techwin's original video compression technology, the Wisenet X series reduces data by up to 99% compared to current H.264 technology, when combined with H.265 compression. System costs are also greatly reduced without compromising image quality.

WiseStream II OFF : 7160kbps **WiseStream II ON : 74kbps**

WiseStream II OFF : 7260kbps **WiseStream II ON : 1817kbps**

More convenient installation with USB

Using the USB port, the installer can easily connect Wisenet X series cameras and mobile devices through Wi-Fi. Viewing and adjusting camera angles can be done immediately after installation by using a smartphone using a Wi-Fi dongle* not included, saving both time and money.

Dual SD slots

Dual SD slots allow up to 512 GB to be saved automatically to the camera, keeping data safe in the event of an unstable network. Obviously this allows to record more video footage than single SD slot.

Handover to PTZ

The handover feature allows a PTZ camera* to receive an alarm or analytics alarms from X series cameras operating on the same IP video surveillance system. Once the notification is received, the PTZ camera will zoom into the assigned camera pre-set location. This feature improves the efficiency of the surveillance system by decreasing the reliance on the system operator on tracking events and by increasing the likelihood that critical events in a surveillance area will be captured and recorded. *Any Hanwha IP PTZ camera

Fog Detection

Wisenet X series delivers outstanding image quality in foggy weather with Fog Detection. Any change in an image is automatically deleted with the defog function to provide a clear image.

Enhanced Video / Audio Analytics

Wisenet X series support a variety of exclusive Video and Audio Analytics, providing enhanced monitoring solutions and market intelligence.

Loitering detection

This feature detects when an object remains in a designated area longer than the time threshold set by the user.

Queue management

This feature provides statistical analysis and measurement for average dwell time and number of people in a queue. This insight is critical for businesses to manage their operations more efficiently, while providing the insight necessary to manage campaigns, displays and promotions throughout retail locations.

Sound classification

Wisenet X series cameras help users respond immediately in dangerous situations, by classifying sounds such as gunshot, glass breakage, scream and explosion.

WISENET P series

Premium cameras with the most advanced technology

Wisenet P series, the ultimate premium cameras are designed with the most advanced technology, delivering users an outstanding video surveillance solution. From bullet cameras to multi-sensor cameras, P series have a wide range of products optimized for applications which require extreme detail and wide area coverage.

Exceptional image quality of 4K Ultra HD

The Wisenet P series provides an enhanced surveillance system by producing superior 4K Ultra HD image quality. 4K Ultra HD has four times the resolution of standard 1080p, which means it is able to show more detail.

PNO/PND/PNV-9080R, PNP-9200RH

Four cameras in one

Wisenet P series multi-sensor cameras have four sensors which is ideal for wide areas. 180° panoramic camera delivers a super wide angle 7.3megapixel image within a single camera by merging the four images from each sensor. And multi-directional cameras can cover the full 360° range with no blind spots, ideal for wide areas such as shopping mall entrances, lobbies, and airports. 270 Range or any other custom configuration depends on required coverage.

WISENET Q series

Compact cameras with essential qualities

This affordable product line delivers professional quality, ideal for securing small to medium sized applications. The Q series has the ability to create a secure environment with its complete lineup, saving both installation costs and time.

Complete line-up of indoor and outdoor cameras

Wisenet Q series offers a wide range of indoor and outdoor Bullet / Dome / Vandal / PTZ cameras which covers multiple applications such as retail, banking, offices, transportation and more, while delivering sharp and clear image quality.

2MP	 QNO-6010R/6020R/6030R	 QNO-6070R	 QND-6010R/6020R/6030R	 QND-6070R	 QNV-6010R/6020R/6030R	 QNV-6070R	 QNP-6230H/6230

Perfect for small to medium sized applications

The complete line-up of Wisenet Q series has the ability to solve small to medium sized application challenges. Save both installation costs and time by using the Wisenet Q series together with NVRs to create a suitable solution for small to medium sized applications.

Wisenet T series

Specialized cameras for challenging conditions

T series offers explosion proof and thermal cameras which ensure a reliable video surveillance system even in the most challenging conditions. Explosion proof cameras can be used in heavy industrial facilities where a single spark may cause an explosion and thermal cameras are suitable for detecting people and objects in difficult weather conditions.

Explosion proof cameras for hazardous environments

Heavy industrial facilities such as gas pipelines or oil refineries are potentially explosive because of flammable gases and dust emitted. T series explosion proof cameras are designed to be safely operated in hazardous areas with the special enclosure made of stainless steel 316L housing. The ATEX certified enclosure has the ability to contain any internal sparks or explosions which may lead to a disaster.

Detect people and objects 24/7 with thermal cameras

When challenging weather or lighting conditions occur, it may be hard to distinguish human or objects in a complex background. Wisenet thermal cameras are essential in these situations : they provide clear images based on temperature differences between objects so that users can detect incidents more easily.

Wisenet WAVE

Wisenet WAVE is an endlessly customizable IP video management platform that gives users the ability to create tailored networked video solutions for any type of project, of any size, on any device.

Features of Wisenet WAVE

Simple

Whether it's software installation, server configuration, recording setup, layout creation or system sharing, Wisenet WAVE makes it easy for you!

Reliable

With built-in multi-server redundant fail-over you can rest assured critical events will never be missed!

Light and Efficient

WAVE's light weight design runs fast and smooth on some of the lowest system specifications on the market.

WAVE Sync

By linking your WAVE system with WAVE Sync, you can easily remote access or share your system. It's that simple!

Open SDK/API

Do things YOUR way. WAVE's open SDK and API make customizing your software experience a breeze.

Cross Platform Support

Microsoft Windows, Linux Ubuntu, Apple macOS, Apple iOS, Google Android and most web clients. You use it, we support it!

Dynamic Layout

Motion Search

Storage Analysis

An Operating System to Suit Your needs

WAVE Sync

A cloud-based service that enables simple, centralized remote access and insight into any Wisenet WAVE system.

Desktop

A rich media player designed to view and manage a single Wisenet WAVE system from a desktop or laptop PC.

Mobile

A mobile app designed for viewing Wisenet WAVE system video and archives while on-the-go.

Server

A media server responsible for discovering, connecting to, and managing system devices and data.

Max Clients per system	Unlimited		
Max Streams per server	128		
Max Servers per system	50		
Max Live Streams	64 (64bit OS), 24 (32bit OS)		
Video Codecs	H.265, H.264, MJPEG		
Audio	AAC PCM (Mu-Law, A-law) G.726 MP3		
Features	2 Way Audio	Events & Rules Engine	Preview Search (Thumbnail Search)
	Adaptive Resolution Scaling	Fisheye Dewarping	Quick System Switch
	Advanced PTZ	Flex Timeline	Remote Connect
	Audit Trail	I/O Devices	RTSP / HTTP Streams
	Bookmarks	IP Cameras / Encoders	Server Management
	Calendar Search	Keyword Search	Smart Motion Search
	Consolidated Notifications	Layouts	Storage Management
	Customizable Layouts	Live Thumbnails	User Management
	Digital Maps	NVRs / DVRs	Videos I/O Device Mangement

WAVE Server App			
Supported OS	Microsoft Windows, Linux Ubuntu		
System Requirements	CPU	RAM	NIC
Up to 16 streams	Intel Atom (Dual Core)	2GB	1GB
Up to 32 streams	Intel Atom (Dual Core)	4GB	1GB
Up to 64 streams	Intel Core i3	8GB	1GB
Up to 128 streams	Intel Core i3	16GB	1GB

WAVE Desktop App		
Supported OS	Microsoft Windows, Linux Ubuntu, Apple macOS	
System Requirements	Minimum Specifications	Performance Specifications
CPU	Intel Celeron (Quad Core)	Intel Core i5
RAM	2GB	16GB
Graphics	Intel HD Graphics 3000	Nvidia GeForce GTX 1050
Network	1GB NIC	10GB NIC
Storage	HDD	Performance SSD

WAVE Mobile App	
Supported Platforms	Google Android, Apple iOS
WAVE Sync	
Supported Browsers	Google Chrome, Mozilla Firefox, Opera/Opera Neon, Microsoft Edge, Apple Safari

*listed specifications are true at the time of this printing and are subject to change without notice.

SHB-4300H/4300H1/4300H2/4300HP

Fixed Housing

- Aluminum diecasting construction
- Fully cable managed bracket
- Built-in fan & heater
- Support three cable glands, IP66

SHB-4200/4200H

Fixed Housing

- Support two cable glands
- Built-in fan & heater : SHB-4200H

STH-200

Fixed Housing

- For fixed camera application
- Wall/ceiling installations
- Easy to install side open type

STB-400

Fixed Mount

- Bracket for STH-500/200
- Aluminum and Steel material

STB-4150V

Fixed Mount

- Bracket for box cameras
- Aluminum and Steel material
